Young Researchers' Conference

WSED next 

Biomass & Energy Efficiency

25 – 27 February 2015

- The Young Researcher's Conference is held in the context of the World Sustainable Energy Days. With more than 750 participants from over 50 countries each year, the World Sustainable Energy Days are one of Europe's largest annual conferences on sustainable energy.
- Linked to the main topics of the WSED15, the conference focuses on biomass and energy efficiency in buildings.
- The best 2 contributions are honoured with the awards "Best Young Researcher – Energy Efficiency" and "Best Young Researcher – Biomass". The researcher(s) will receive 1,000 Euro each as prize money.
